

TRAINING ALERT

RISK MANAGEMENT & SAFETY

Event: Online Safety Training Goes Live
Date: November 8, 2014
RMS Contact: Lisa Phillips @ Bognar.6@nd.edu

Contact RMS:
Tel: 631-5037

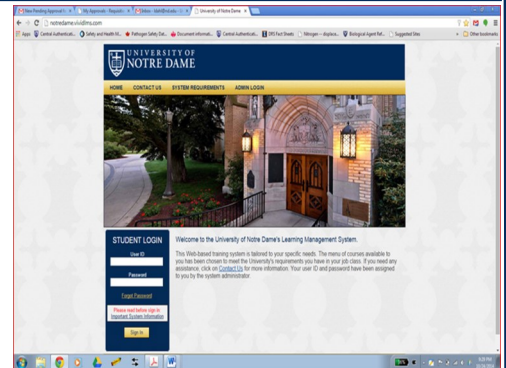

Safety training courses are now available [online!](#) Courses include:

Laboratory Safety Fundamentals* (Includes Laser Safety)
Biosafety and Biocontainment
Bloodborne Pathogens (BBP)

* Required by all personnel working in an ND laboratory

In consultation with the Notre Dame Fire Department, Fire Extinguisher training was added. **To meet OSHA compliance, Fire Extinguisher training is now required of all lab personnel annually.**

- > Lab personnel (PI, staff and graduate students) should have received an email with the link to the training, user name and password. If you do not receive an email from Vivid Learning Systems by November 10, 2014, please email RMS at bognar.6@nd.edu to let us know you require access. Provide your name, NetID, email and department.
- > RMS has created an [FAQ webpage](#) and [Online Training Guidance Document](#). This information is also available on the [Risk Management and Safety website](#).
- > The average time to take the Laboratory Safety Fundamentals course is about 1½ hours. The Biosafety & Biocontainment, BBP and Fire Extinguisher trainings are approximately 30 minutes each.
- > The fundamentals course must be completed **within one year from the last time you completed General Lab Safety Training through RMS (classroom or online refresher).**
