Manager Training

Safety Compliance training is located within the eNDeavor platform.

Using a chrome browser type in:

endeavor.nd.edu

Safety Compliance Training

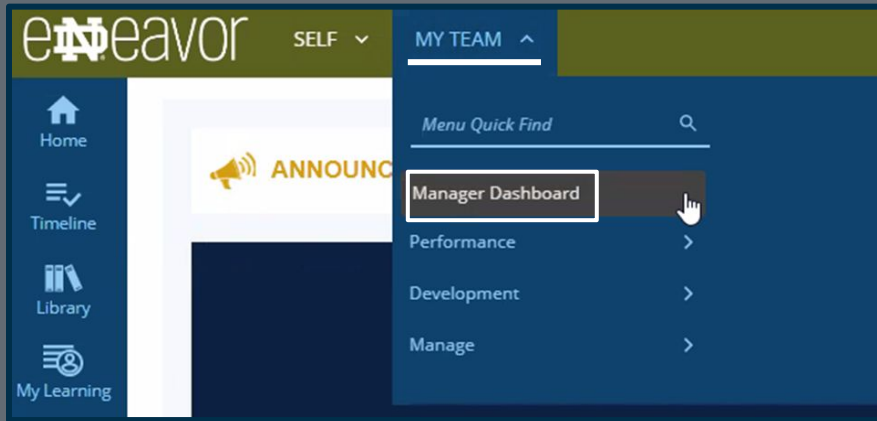

Located within

eNDeavor

Review Manager Dashboard

Locate your manager dashboard by clicking on “My Team” at the top of the Endeavor green menu bar.

Once the page has loaded scroll down to locate the “My Team Performance” icons. Here you will click “Exception Reports.”

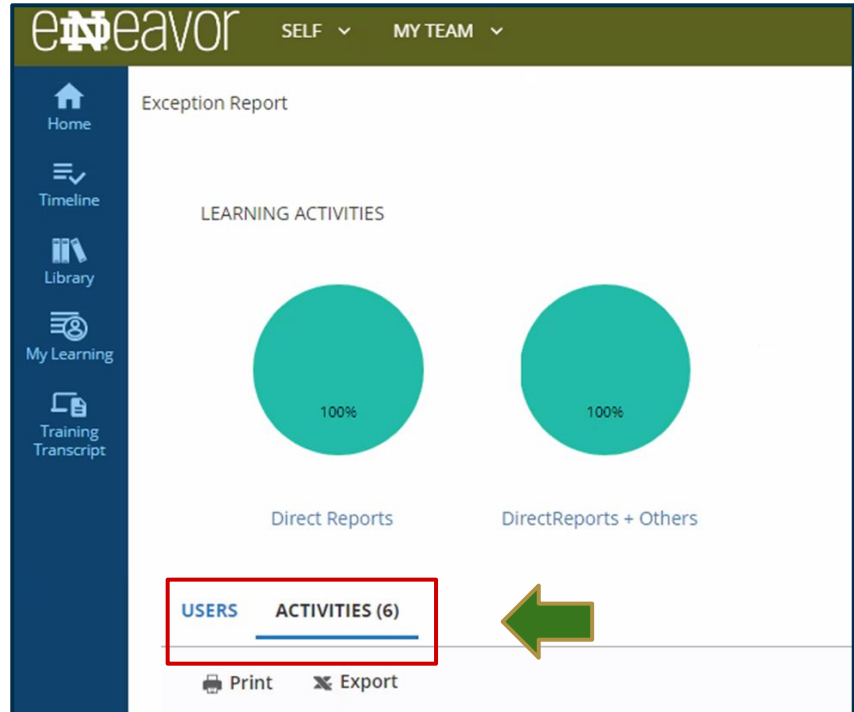

This screen will allow two options to view training.

- By Users
- By Activities

The blue line identifies your current view. Click on the name to change the view from activities to users.

The Exception Report will show the status of your direct reports and viewable user(s) training.

A Manager can:

- Search a User (when on the user view option).
- Search an Activity (when on the activity view option).
- Click on the pie graph to see complete or not completed training for learners they track.

Assign Multiple Learning Activities – To One Person

Managers can assign training two ways.

1. Assign multiple learning activities to one user.
2. Assign multiple users to one training.

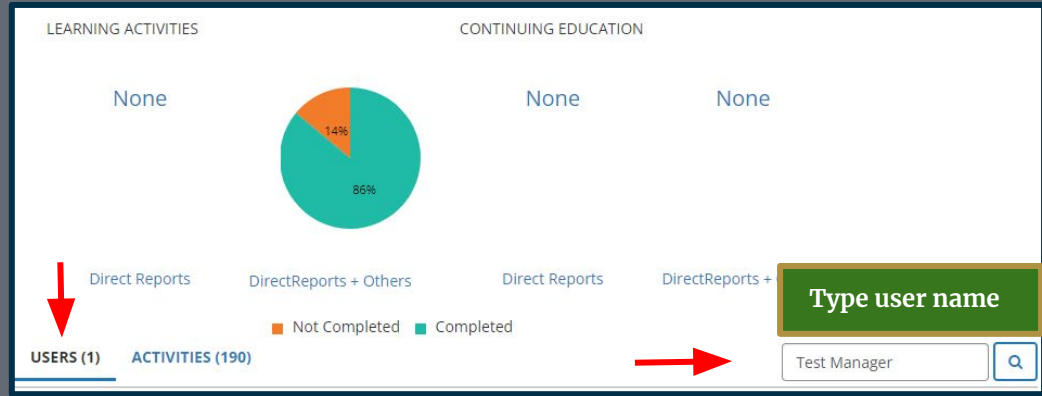

Let's start with the first option!

A Manager will make the assignment through the Manager Dashboard. As noted earlier this can be found by using the “My Team” tab on the top menu.

A screenshot of a software interface. At the top, there is a navigation bar with "MY TEAM" (selected) and "ADMINISTRATION". To the right of the navigation bar are "Learning" and "Search" buttons. Below the navigation bar is a sidebar menu with a search bar and several items: "Manager Dashboard" (highlighted with a red underline), "Employee Comparison", "Learning", "Performance", "Development", "Succession", "Reporting", and "Manage". The main content area is titled "MY TEAM PERFORMANCE" and contains three items: "Team Performance Progress", "Exception Reports" (highlighted with a red underline), and "Reports".

Assign Using Tile Card

- On the “User” tab click on the learner you want to make multiple assignments too. If a manager has several users you may want to use the search option.
- On the tile card click the blue button.
- A “Detailed Exception Report by User will appear.

Assign a Learning Activity – Multiple People to One Course

Let's try assigning one course to multiple learners!

Click the “Library” icon on the left menu bar to search the safety compliance library.

To search for safety compliance training materials click on the “Safety Compliance” topic.

A Manager may also search for the desired training using the filter box shown below. For the example today we will search for “Ladder Safety.”

Library / Safety Compliance

LIBRARY

Browse and search for available learning activities. You can use the Topics tab to narrow your results by subject and the Filters tab to apply additional criteria (such as the activity type or duration).

Remove Learning Activity/Training

From the Manager Dashboard screen using the “Exception Report” option, a manager can “delete” training they have assigned to a learner/trainee.

On the User tab look for the tile card for the learner/trainee you would like to remove training on.

Click the “incomplete” button to bring up the “Detailed Exception Report by Activity” screen.

You will notice options to refresh and add. When you click the radial dial next to the course/activity you would like to delete, additional options will appear.

Here you can edit or remove the assignment.

Click on “Remove Assignment” and follow any prompts to complete removal.

If the radial dial **does not allow** the additional options it means someone else had made the assignment and you cannot remove the assignment.
