

SAFETY NOTICE

Annual Emergency Shower & Eyewash Third Party Inspection

RISK MANAGEMENT & SAFETY

Date: January 2017
Category: Laboratory Emergency Equipment
RMS Contact: Eric Doland, edoland@nd.edu

Contact RMS:
Tel: 1-5037

IMPORTANT NOTICE

Niezgodski Plumbing is underway with conducting annual emergency shower and eyewash inspections. These inspections, which were performed last year and will continue to take place on an annual basis, include physically testing each unit to ensure they are in safe operating condition.

The following buildings will be first on the inspection schedule with inspections lasting the next several weeks:

- ◆ Galvin Life Science Center
- ◆ Freimann Life Science Center
- ◆ Nieuwland Science Hall
- ◆ Stepan Chemistry
- ◆ Fitzpatrick/Cushing Hall of Engineering
- ◆ Radiation Research Building
- ◆ Riley Hall of Art & Design

If the timing of the inspection does not work for your lab or building, please feel free to notify the Niezgodski Representative conducting the inspections in your area to reschedule the inspection.

An additional communication will be sent out in the upcoming weeks providing details regarding timeline for the remainder of the academic buildings.

Please note: Monthly eyewash inspections by laboratory personnel are still required.

For any questions or concerns regarding the inspection process, please contact the office of Risk Management and Safety at 1-5037.

All safety communications can be found at <http://riskmanagement.nd.edu/safety-alerts/>.
