### Important Notice

#### NEW Trenching & Excavation Safety Program

With support from the Operations Safety Advisory Committee, RMS has developed a new Trenching & Excavation Safety Program ([link](#)). This program provides guidelines to personnel conducting excavating, trenching, and shoring activities on campus and standardizes training, operations, and work practices to assure the safety of all personnel conducting these activities.

The [Trenching & Excavation](#) page on the RMS website contains numerous resources including the [Trenching & Excavation Procedure](#), Training Requirements, and Inspection Forms.

If you have any questions please contact RMS.

All safety communications can be found at <https://riskmanagement.nd.edu/communication/>.
